SERVICES

Stain and Glaze	\$10.00	Impression Scan	\$8.00
Crystallization of IPS e.max®	\$5.00	Custom Abutment Design	\$10.00
Design Full-Contour from STL.	\$10.00	Gold Hue	\$20.00
Design Coping from STL	\$8.00		

CMC offers free next-day delivery when ordering three or more units of zirconia product. On cases less than three units, there will be a charge of \$7.00 for next-day delivery. *Prices are for solid models will be priced by weight. **The following shipping charges apply to rpm and wax print orders only. Next-day Air \$12.00, 2nd-day Air \$8.00.

FEATURED PRODUCTS

Printed Surgical Guides

Take the uncertainty out of implant cases and increase predictability and safety with surgical guides from CMC. Our patient-specific surgical guides are fabricated to your exacting specifications and shipped to your laboratory within two business days when you provide a fully designed STL file.

Pearl™ Screw Retained Zirconia Hybrid Bridge

Fabricated with cutting-edge CAD/CAM technology, the Pearl™ zirconia, milled from a solid disc, achieves a foundation of exceptional strength for the hybrid bridge. The titanium implant components offer the dependability of screw-retained restorations.

Custom Abutments

CMC can fabricate custom abutments for use with the industry's leading implant manufacturers. Our custom abutments are available in titanium, Cr-Co, or Pearl™ Zr.

Precision-Milled Bars

These incredibly strong prosthetic devices are custom fabricated and precisely milled from titanium, zirconia or chrome cobalt. We mill all materials on our industrial five-axis mills, and offer gold-hue anodizing services for titanium bars to further improve esthetics.
